Auctioneer's Notes:

It was 3 years ago that we first tried to arrange an auction of these Lightning Fast Louis Cooremans, I spoke to Louis' UK agent, Bob Fenech, in South Africa at the Million Dollar race. At the time, Bob and Louis were already committed to other auctions. We set a date for October 2011. I am sure it has been worth the wait, seeing some of the quality they have released for this sale. These birds, over the past 4 or 5 years, have taken the Britain and Ireland by storm at the top level. When you study the sale list, you will see that there are many birds direct from the top racers and producers in Louis small racing and breeding lofts. These birds have not only won in Britain and Ireland, they have won in Malta, Portugal, China and further afield. It is a real honour to be displaying such quality in Dublin, and this is one sale that is NOT to be missed.

For more details, contact Bob Fenech, the sole agent of Louis Cooreman, as nobody knows these birds quite like him. His numbers are: 01992 574437 and 07860 680 775.

Or visit his website: www.lightning-fast.co.uk

Testimonial from Richard and Jimmy Hamilton, New Ross, Ireland.

We have been racing the Cooreman pigeons from Bob Fenech since young bird season 2006 and they won from the first race that they were sent too. They have since won many races for us, up to and including sect in the federation and also national and also have topped the federation every year since we got them.

We don't mention club wins as we have not competed at club level for a few years, but we race as individual members of the South Leinster Federation. We don't sell many pigeons, but the few that we have sold have made us very proud of our pigeons. This season in one week, three different federations were won with Cooremans bred in our loft. The Munster Federation in a race from Scotland, The Centre Road Federation from N. Ireland and the South Leinster Federation from France. We believe that these pigeons are the best family of pigeons that we have ever owned, they are totally honest and will do their very best to come home no matter what the conditions.

Testimonial from Mark and Doug Nesbitt from the Cannock Chase, Midlands

Since introducing these pigeons in 2008, they have won from the word go. Unfortunately I could not give the birds 100% as I was undergoing kidney dialysis. In 2010, we crossed the Cooremans with our Van Reets and Soontjens, this put a new lease of life into our successful winning families. In 2011, these Cooremans and crosses, we unstoppable, winning 15x1sts. Also, winning £2,500 in the Cosworth Stud Gold Ring Race, a race in which the cream of the Midlands compete, having 6 pigeons in the first 30 as well as the winner.

We are looking for better things from these fantastic birds, as my health has improved, I would like to thank Bob Fenech for supplying us with some quality birds.

D&J Armstrong and Son, Carrickfergus, Northern Ireland.

I first met Bob Fenech in October 2003, I wanted to see his family of superstars and I was very impressed. I ordered 3 pairs and I wanted to pay for them, he said "No, wait till next year" I thought straight away that this is an honest guy anyone else would have taken the money and run. The following year I got the birds and they won from the off, and are still winning today.

Some of the best results in 2010 are 7x1sts in a row in the Carrick Social RPC with 300 to 500 birds per week. I think that this is a club record.

Carrick and District HPS, 6x1sts in a row with 200 to 350 birds per week. There are no doubts, these are the greatest birds I have ever owned.

I first purchased pigeons two years ago, when I was working in Harlow, Essex. I used to drive past the lofts of Bob Fenech and one day, decided to give him a ring. These pigeons won immediately for me, topping the federation straight away.

This year, we have had 6 federations 1st prizes in the Thames Valley Fed. The Cooreman pigeons have definitely topped it twice for us. I have one cock, which we call the T Ring Cock, he has never topped the fed, but has had 3 or 4 second feds.

These are really great pigeons!

I contact Bob Fenech at the end of the summer in 2009, to purchase some Cooreman pigeons. He told me that he was very sorry that he couldn't help me, and asked where I was from. When I told him, he told me to contact his good friend Jimmy Hamilton.

In September 2009, I paid Jimmy a visit and ended up leaving with 10 late bred from his widowhood cocks. These I brought home and left out flying around and never trained.

The following year I trained them and they came well but I didn't race them. This year, I decided to try them out and boy was I amazed. They won from the off!

Out of 5 cocks raced, three won 1st club, two won 1st fed and the other was 5th fed and the other was 4th club, twice being 8th fed and 17th fed. The other cock that was only a late bred from 09 went onto fly all the races this year and the icing on the cake was to clock him from Thurso winning 2nd Club 12th Fed and 18th National 456 miles.

P.s. We topped the Munster Federation five times, becoming fancier of the year.
